### Call for professional musicians refugees

#### Creative Europe Project - ORPHEUS XXI – *Music for Life and Dignity*

Under the initiative of Jordi Savall, the Creative Europe Project ORPHEUS XXI aims to allow the integration of professional musicians refugees and to share their culture to children and youngsters.

In the framework of this project, we are looking for professional musicians refugees (all disciplines: vocal and instrumental) with knowledge of their oral traditional music.

We wish to offer to professional musicians refugees the opportunity to integrate through paid work corresponding to their qualifications.

First of all, you will participate in several workshops organized by the team of oriental musicians of Jordi Savall. Then, you will teach music to young people and children. Finally, you will present the work done with young people and children during the concert tour of our intercultural orchestra.

**To apply, please send us a message at**

**[sergebufferne@salineroyale.com](mailto:sergebufferne@salineroyale.com) before February 15, 2017.**

Please send us your contact information (name, first name, date of birth, home address, phone number, music practice) as well as a CD, YouTube video link or any other support which will allow us to get a preview of your talent.

The selection will focus on your musical level but also on your ability to transmit your knowledge and finally your knowledge of traditional oral music.

The first selection will be made initially on your application file. Then, the selected candidates will participate in an audition and a workshop with the professional musicians of Jordi Savall's team. This second phase will take place during the first week of March 2017 at the Saline royale (Arc-et-Senans, France). All costs related (travel, food and accommodation will be covered by the project).
